PROTOCOL

APPENDIX D: LIST OF COMMITTEE MANDATES

INTRODUCTION

This document is an Appendix D to the Protocol of the Association and consists of the 'List of committee mandates'. This Appendix is a part of the Protocol and must not contradict with the Statutory Base.

The 'List of committee mandates' is a collection of all the committee mandates. These mandates state the name of the committee, its role and aims as well as the main tasks. Besides that, the mandates offer the possibility to include committee specific regulations.

Additions or changes of any kind to this Appendix require the approval of the General Assembly on a proposal presented according to the regulations as set out in the Protocol and Appendix A.

This does not apply if a committee officially dissolves/ceases to exist. In this case the mandate of this committee shall automatically be deleted from the list.
