MEMBERSHIP

Article 5

5.1. (SB 5.1.) Candidate entities are divided into two groups, depending on their progress of establishing an entity.

5.1.1. Prospective candidate entities are candidate entities that contacted the Board or the Regional Contact Person addressing their wish to become a member of the Association, but have not yet been nominated for approval as member entity by the Regional Contact Persons.

5.1.2. Nominated candidate entities are candidate entities and former prospective

entities that have sent their motivation letter which has been accepted. They have been nominated for approval as member entity by the Regional Contact Persons and their nomination has been approved by the Board. Nominated entities are voted upon at the Annual Meeting of the General Assembly to become member entities.

5.2. (SB 5.2.) Each city is allowed to have one entity unless the General Assembly decides differently.

5.3. (SB 5.3.) In accordance with SB Article 5.4 changes to the following Protocol articles: 5.4.1., 5.4.2, 5.4.3, 5.4.4 require a two-thirds majority of the General Assembly.

5.3.1. M

Member entities are to fulfil the membership criteria **a. until j.** between the first day of the General Assembly at the Annual Congress and the first day of the General Assembly at the Annual Congress of the following year to retain the status of active member entity. Candidate entities are to fulfil the criteria **f. until m.** between their nomination and the start of the Annual Meeting of the General Assembly to become a member entity.

- a. Send a representative to the Annual Meeting of the General Assembly of the previous working year and Regional Meeting at the Annual Congress or the Regional Meeting at the Regional Congress.
- b. Express its vote at the Annual Meeting of the General Assembly of the previous working year and all other meetings of the General Assembly throughout the current working year.
- c. Express its vote at all statutory votes (besides the General Assembly).
- d. Send the requested information for the Annual Report and the Entity Survey within the time limit given by the Regional Teams.
- e. Organise an event which involves at least one other entity or host an exchange.
- f. Maintain good communication between CP and RCP/RA, Board of EGEA and other official bodies. This means that the entity answers to all messages (primarily through the official email) with requests for information and/or further detail. This is to be assessed by the RCP/RA in charge of the entity.
- g. Send updated CP information to the Regional Team each working year and organise CP elections within twenty four months after the previous elections. For candidate members this means nominating two CPs to stay in touch with the Regional Team.
- h. Send a representative to more than half of the regional online e-meetings

and participate actively in the meetings.

- i. Send a representative to an EGEA event which involves at least one other entity (excluding the Annual Congress and the Regional Congress of the respective region).
- j. Have at least three individuals in the entity ensuring that the other membership criteria are being fulfilled.
- k. Make use of the official entity email address ([entity name]@egea.eu) as soon as the motivation letter is accepted.
- l. Ensure that contact information (postal address and CPs) on the entity page of the EGEA website is correct.
- m. Promote EGEA on the local level.

5.3.2. All the criteria are worth one point each, except point b., which is worth 2 points. If there is more than one meeting of the General Assembly throughout the working year, the 2 points for criteria b are split. Voting at the Annual Meeting of the General Assembly will be awarded 1 point and the second point will be equally split among all additional meetings of the General Assembly. The fulfillment of the criteria is assessed and the results are published by the Regional Contact Persons 20 days before the Annual Meeting of the General assembly. The status of an entity can be updated until the beginning of this General Assembly. Entities are informed beforehand in case of changes in their status. The ultimate results are presented at this General Assembly. In the case of unusual circumstances resulting in one or more criteria being impossible to fulfill due to reasons beyond an entity's activity level, for all entities or for (a) specific region(s), the Regional Contact Persons may decide to dismiss certain points from the evaluation.

5.3.3. For a member entity fulfilling less than eight (8) out of the eleven (11) criteria results in the status "less active" for the member. In the first year of being a member entity, one needs to fulfil only six (6) out of eleven (11) criteria. In addition an entity's status will also become "less active" if they have less than 2 active people or if they do not pay the membership fee. The status of "less active" member entity means that they keep all their member entity rights. The "less active" status is discarded if eight (8) out of eleven (11) criteria are fulfilled in the subsequent working year. Retaining the "less active" status for two consecutive years will result in the member being proposed for discharging.

5.3.4. Candidate members should fulfil six (6) out of eight (8) criteria in order to be eligible for approval by the General Assembly as a member entity.

5.5. (SB 5.5.) Once an entity has been discharged, it may reapply to become a member entity during the subsequent working year and must follow the same establishment

process as new entities in order to be approved at the Annual Meeting of the General Assembly as a member.
