

Protocol Appendix C

FINANCIAL DISTRIBUTION

INTRODUCTION

This document is an Appendix to the Protocol of EGEA and consists of the detailed information on how to create Annual Congress fee groups as well as how to calculate the Annual Congress fee.

PART I: FINANCIAL GROUP BORDERS

Base Year 2027:

Border between Group A & B: 25.000 EUR

Border between Group B & C: 15.000 EUR

Border between Group C & D: 10.000 EUR

Border between Group D & E: 7.500 EUR

These values increase every year by 3% in order to compensate for inflation. The values for every year shall be calculated from the base year, not from the previous year.

Source upon which the financial groups are based:

Eurostat Database - Population and social conditions

https://ec.europa.eu/eurostat/databrowser/view/ilc_di03/default/table

Variable: Median income by age and sex (age 18-24 years)

Some countries are not included in the Eurostat database. For those countries, alternative sources have to be used. If the median youth income is not available, 80% of the national median income has to be used as a proxy for the median youth income.:
